EDUCATION

Bachelors in Technology

Dronacharya College of Engineering, Farrukh Nagar, Gurugram

04/2020 - Present

Overall SGPA- 9.17

Intermediate

Modern Vidya Niketan, Aravalli hills, Faridabad

04/2018 - 04/2020

Secured 93.6% in CBSE 12th

Matriculate

Ryan International School, Faridabad

04/2004 - 04/2018

Secured 94% in CBSE 10th

PROJECTS

Metazone - ScaleEasy (07/2023 - Present)

- Worked with senior engineers on real-time project. Developed Rest API's, generated Postman collections, Git pushed code and implemented versioning for the entire project.
- Javadocs for code commenting, Spring AOP for extended logger functionality for all API's, worked with java library Apache poi to deliver excel sheets via Google Drive.
- Implemented Multi-Tenant based Architecture for the application. Debugged and resolved various bugs and developed logic for various other API's.
- **Skills:** Spring AOP · Postman API · GitHub · Multi-Tenant Management · Microsoft SQL Server · Spring Boot

Blog Web Application (05/2023 - 06/2023)

- Developed backend code for Blog posting application implementing One-to-many, Many-to-Many relationship. JPA for crud operations, implemented logger for application, Spring Security for authentication of user from database also implemented Swagger configuration for testing purpose
- **Skills:** Swagger API · Logger · Spring Security · Spring Boot

Course Application (Backend) (04/2023 - 05/2023)

- Developed a simple spring boot project implementing basic CRUD operations though Spring JDBC for Student and courses taken by them. Implemented one-to-many mapping relation and worked with resultSets and rowSets.
- **Skills:** SQL · Microsoft SQL Server · Java Database Connectivity (JDBC) · Core Java

Music Web Application (04/2023 - 04/2023)

- Developed a responsive Music Web Application using HTML and CSS.
- **Skills:** Cascading Style Sheets (CSS) · HTML
